

The risk of loss in trading commodity futures and options is substantial. Before trading, you should carefully consider your financial position to determine if futures trading is appropriate. When trading futures and/or options, it is possible to lose more than the full value of your account. All funds committed should be risk capital. Past performance is not necessarily indicative of future results.

*Trading Foreign Exchange carries a high level of risk and may not be suitable for all investors. There is a possibility that you could sustain a loss of all or more of your investment therefore you should not invest money that you cannot afford to lose. You should be aware of all the risks associated with Foreign Exchange

trading.

Currency trading is not conducted on a regulated exchange, and as a result there are associated risks with forex trading.
